THE MONTGOMERIE

MAXX ROYAL

On this nice warm up hole play your tee shot to the right side where there is more room than you first think, then pick your lay up area carefully. Big hitters have a chance to take on the green carrying the waste areas and bunkers guarding the green.

522	470	443	410

# 2

THE MONTGOMERIE

MAXX ROYAL

A short par 3 over the sculpted waste area, hole positions to the right are birdie chances. Only the brave or the foolish attack the flag on the left corner!

A long iron or fairway wood from the tee may be the club to leave a short iron into this raised green. A deep bunker awaits loose shots right of the green.

Risk and reward. With a long accurate tee shot you might get the chance to reach this par 5 in two. For the more conservative player the third shot over the water must be well judged!

# 5

Water, water... A long par three especially from the back tees, club selection is of high importance to ensure you stay on this long green and out of the water.

Right half of the fairway with your drive will keep you away from the lake leaving a long second to a raised and very well bunkered two tiered green.

With water to carry from the tee there is room for a bail out to the right hand side, to reach the green in two a more adventurous drive long and left is required leaving an approach shot around the tree. Deep bunkering protects an undulating green.

PAR 3	PAR 3	PAR 3	PAR 3

A mid iron to a relatively easy par 3 in the corner of the course. The meandering stream cutting across the front of the green makes long and left seem a good option.

Tee shot all important here; play short and safe for a 3 shot hole or chance a big drive down the left giving you a good angle to the green for your glory shot!

A beautiful little par 4 provides a chance for a birdie to start the second nine. Choose your distance from the tee wisely! A driver is probably not the option for most. A short downhill iron approach shot is required to a well shaped green.

PAR 5 PAR 5 PAR 5 PAR 5  
**521 477 458 428**

A relatively long par 5. Choose your target correctly as the bunkers are perfectly placed for catching your ball. Your lay up area is to the right side bringing the deep greenside bunker into play. Those of you going for the green in two have a nice run up area to the green... if you are accurate!

MAXX ROYAL

PAR 4 PAR 4 PAR 4 PAR 4  
**448 398 377 340**

The longest par 4 on the course. Amateur golfers should consider playing this as a par 5. Big hitters should play long and left clearing the way to the hole with a carry over bunkers on the left which sit short of the green.

# 13

THE MONTGOMERIE

MAXX ROYAL

The choice is yours, left or right of the trees? For longer players a tee shot to the left leaves a view of the green round the corner. With a waste area splitting the fairway many opt for the generous lay up area left leaving a second shot to the green designed for short iron approaches.

# 14

THE MONTGOMERIE

MAXX ROYAL

A short yet tricky par 3 with water and sand. The large green offers many pin locations and the tee area is well protected from any wind, so be careful when calculating your distance.

Big hitters may look to take this green on, the sensible ones will play towards the right hand bunkers to open up the short shot to this tricky sloping green. Ensure you are on the right level with your approach to have a chance with your putt.

# 16

THE MONTGOMERIE

MAXX ROYAL

A long and challenging Par 3 through a wide fairway divided by big waste areas will take you home to the magnificent Club House. Keep your concentration and you might pick up a finishing birdie so you can successfully avoid the deep bunkers on the left.

PAR 4 358   PAR 4 330   PAR 4 307   PAR 4 286

A tee shot designed for Monty's fade. The waste area on the right will catch a sliced drive and the high pine in the right front corner of the green make you favour the left entrance to a green that slopes to the right.

# 18

THE MONTGOMERIE

MAXX ROYAL

PAR 5 510   PAR 5 485   PAR 5 449   PAR 5 403

A long and challenging par 5 through a wide fairway divided by large waste areas will take you home to the magnificent Club House. From the tee a draw will use the slope and leave a perfect line to either lay up to the right of the beautifully designed bunker or to go for the green in two. Go on finish in style!
